

## Product Data

# Kleen All 400

Kleen All 400 is a heavy duty solvent degreaser formulated to remove oils, grease, tar, asphalt, sludge, grime, etc. Designed with a special blend of solvents, penetrants and emulsifiers, Kleen All 400 is excellent on hard surfaces like trucks, tractors, equipment, industrial and manufacturing machinery, stainless steel and concrete. Because of its high flash point, use of Kleen All 400 eliminates the need for flammable thinners. Kleen All 400 is emulsifiable in water and free rinsing so it is easy to wash with a water rinse.

### Features and Benefits

- Can be applied by rag, brush or spray gun
- Designed to be easily water rinseable
- Contains no suspect carcinogens
- High flash point of 130 °F
- Multiple hard surface applications

### Typical Properties

Appearance	Clear liquid
Bulk Density	6.9 lbs/gal
Specific Gravity	0.83 @ 70 °F
Solubility	Emulsifiable
Flash Point	130 °F PMCC
Viscosity	<10 SUS @ 75 °F
V.O.C. Content	6.21 lbs./gal.

### Application Procedure

Kleen All 400 is used full strength and is normally manually applied by rag. A brush, roller or spray gun will work almost as efficiently in some applications if it is scrubbed after application. Good rinsing is usually achieved by going over the work area again with a rag wet with clean water or by spraying down the area with normal water pressure, however moderate to high pressures give the best results.
